

# PROJECT Overview

**Modern Rockville will add capacity to roads, bridges and storm drains along nearly three miles of U.S. 36 between I-465 and Raceway Road in Marion County. The next phase includes utility and construction work.**

In this project area, Modern Rockville will tackle: traffic congestion due to only four current travel lanes; crash conflict points with left-turning vehicles; poor drainage in shoulders; and lack of sidewalks for pedestrians.

## PROJECT HIGHLIGHTS

- Adds extra lanes
- Repairs outdated drainage
- Modernizes signals
- Improves bridges
- Modifies medians
- Creates pedestrian access
- Utilizes U-turns for local traffic
- Enhances safety for motorists and pedestrians
